Contents / Sommaire

JANUARY/JANVIER

ARTICLES

A.M. Perks, T. Ruiz, B. Chua, I. Vonder Muhll, P.M. Kindler, and W. Blair Reabsorption of lung liquid produced by 2,4-dinitrophenol in *in vitro* lungs from fetal guinea pigs 1

L.C. Lands, G.J.F. Heigenhauser, and N.L. Jones Maximal short-term exercise performance and ion regulation in cystic fibrosis 12

M. Desautels and R.A. Dulos Nucleotide requirement and effects of fatty acids on protein synthesis and degradation in brown adipose tissue mitochondria 17

Kuldip K. Grewal and William J. Racz Intracellular calcium disruption as a secondary event in acetaminophen-induced hepatotoxicity 26

Catherine B. Chan, Ruth M. MacPhail, and Katherine Mitton Evidence for defective glucose sensing by islets of *fa/fa* obese Zucker rats 34

Shinya Ito, Gideon Koren, Patricia A. Harper, and Melvin Silverman Energy-dependent transport of digoxin across renal tubular cell monolayers (LLC-PK1) 40

Frank S. LaBella and Gary Queen General anesthetics inhibit cytochrome P450 monooxygenases and arachidonic acid metabolism 48

BRIEF REPORT / RAPPORT BREF

Hugh O'Brodovich and Bijan Rafii Effect of K channel blockers on basal and β-agonist stimulated ion transport by fetal distal lung epithelium 54

RAPID COMMUNICATION / COMMUNICATION RAPIDE

X. Wang, T.R. Kleyman, H. Tohda, Y. Marunaka, and H. O'Brodovich 5-(*N*-Ethyl-*N*-isopropyl)amiloride sensitive Na^+ currents in intact fetal distal lung epithelial cells 58

CANADIAN ASSOCIATION FOR GASTROENTEROLOGY WORKSHOP
(SÉMINAIRE DE L'ASSOCIATION CANADIENNE DE GASTROENTÉROLOGIE)

Gastrointestinal Inflammation: Focus on the Vascular Endothelium
(Inflammation gastrointestinale : Rôle de l'endothélium vasculaire)

Ottawa, Ont., Canada
September 12, 1992 / 12 septembre 1992

Keith MacCannell Introduction: Gastrointestinal inflammation: focus on the vascular endothelium 65

D. Neil Granger, Peter R. Kvietys, and Michael A. Perry Leukocyte – endothelial cell adhesion induced by ischemia and reperfusion 67

C. Wayne Smith Endothelial adhesion molecules and their role in inflammation 76

Paul Kubes Polymorphonuclear leukocyte – endothelium interactions: a role for pro-inflammatory and anti-inflammatory molecules 88

John L. Wallace Gastric ulceration: critical events at the neutrophil–endothelium interface 98
